Why Study Electronics and Instrumentation ?

There are many reasons why it is interesting and useful to study Electronics and Instrumentation (Elins). Amid Industrial Revolution 4.0 euphoria, the future is an era when the labor market will be dominated by a robot and AI-based devices. The innovation will open a new opportunity and new kind of labor. Elins' field is smart systems, robotics, fpga, signal processing, computer vision, and automation & instrumentation. Graduates from this study program will have excellent careers in the present and future eras. Now, Elins collaborates with foreign universities and the Agency for the Assessment and Application of Technology of the Ministry of Communication and Information of Republic of Indonesia.
